Marketing Economics Division
Economic Research Service

INTRODUCTION

This reference list includes publications for the marketing economics research areas now in the Marketing Economics Division and units that were formerly in the Agricultural Marketing Service and Bureau of Agricultural Economics. The list includes only publications from 1965 through December 1972. Publications that have been superseded by later publications are omitted. The list includes reports published by the U.S. Department of Agriculture and by cooperating land-grant colleges and universities in cases where one of the principal authors was an employee of the Department. It also includes reports of private institutions that were published cooperatively or under contract with the U.S. Department of Agriculture.

All publications referring to a particular commodity, including costs and margins, manufacturing, promotion, or transportation, are listed under the appropriate commodity heading.

Information on the availability of publications in departmental series such as Marketing Research Reports, Agricultural Economic Reports, Agriculture Information Bulletins, Technical Bulletins, etc., listed in this report is given in "List of Available Publications of the United States Department of Agriculture," List No. 11. Single copies of this list may be obtained from the Publications Division, Office of Information, U.S. Department of Agriculture, Washington, D.C. 20250.

Agency series and some unnumbered series are available from the Division of Information, Office of Management Services, U.S. Department of Agriculture, Washington, D.C. 20250. If a publication is out of print, check with public or university libraries maintaining Government publications. Microfilm or photocopies of out-of-print USDA publications are available from the National Agricultural Library, USDA, Division of Lending, Photoduplication Section, Beltsville, Md. 20705. Publications that are out of print, as of December 1972, are marked with an asterisk in this report, although any of the other publications may become out of print at any time after issuance of this list. Publications issued by State Agricultural Experiment Stations are marked with two asterisks and should be ordered directly from the issuing station. Publications issued by State or private institutions usually may be consulted in public or university libraries.

Publications for sale only can be ordered as follows: Make check or money order payable to: Superintendent of Documents, Government Printing Office, Washington, D.C. 20402. Send request directly to above address. DO NOT SEND MONEY OR REQUEST TO THE DEPARTMENT OF AGRICULTURE.
